Cordon thereon re 7927-9
R 2686

Dated Bangalore, 8th May, 1900

In April 1896, the Palace
Controller informed the
Amildar of the Nuzvid
Taluk that arrears of Rudayam
amounting to 6521-4-0 were
due to the Palace from the
peishkash of Sunkesala in 474,
one of the villages
belonging to the Estate
referred to, and
requested him to collect the
amount for Statement and
sale of the land according
to Revenue Law. The Amildar
then - on the orders of
the Revenue Commissioner
proceeded to there

were

were any instances in which
revenue due to the Palace
had been realized by the
sale of lands by the Talpk
Authorities
The enquiry reported that
in the case of another Inam
land belonging to the same
temple, the Kandayam of
which was not paid to the
Palace by the occupant, the
Palace Controller stated that
the temple Committee Thrzarai
Institution, the Kandayam
due on the reconed by
the same, in cases no are
adopted for the recovery
of Kandayam due on the
Lands belonging to such
temples, and that according
the land was sold by
public auction without
the Confirmation of the
sale the amount was

paid by the party concerned.

2. The Deputy Commissioner solicits orders as to whether Revenue Authorities can undertake to collect the Revenue due to the Palace under the Land Revenue Code, on the requisition of the Palace Controller.

3. The Thuparai Superintendent who was consulted in the matter, says that the temple in question is a thuparai institution endowed with a cash fund of Rs600/- a year payable from the Palace Treasury and is under the management of the Palace Controller. He suggests that in view to avoid difficulties

arising in the Collection
of revenue due to the temple
from the occupants of its
Inam lands by reason
of the Palace Controller
not being a Revenue Officer,
all the Inam lands of the
temple may be transferred to
the management of the Amildar,
who might collect the revenue due
thereon as is done in the case of
other Muzarai Institutions
under Taluk Charges, and remit
the amount to the Palace Controller.
The Deputy Commissioner reports
that the lessees of the temple
lands pay the survey assess-
ment thereon to the Palace,
except in the case of those
lands in which the grass
and annasuri produce
are sold by public auction
by the Palace Department
and

and that Local cess on all the Lands and water-rate on some of them are paid to Government.

3. The Government observe that whether the Lands are managed by an officer called "Revenue Officer" or by the Controller of the Palace, their nature remains the same. The arrears of Kandayan due on the Lands belonging to the Kalasa temple in the Hudgere Taluk are collected as Revenue demands. The present case cannot be differentiated from that of those Lands. The Government therefore directs that the arrears when certified to by the Palace Controller be recovered by the

Deputy Commissioner as money due under the Land Revenue Code.
